Bio:

2017 sets the release of the Terror Empire album "Obscurity Rising" (Mosher Records), in which the always-present political tone goes up a notch, and the result is a crushing record blending thrash metal hooks with death metal blast beats and vocals that should keep you in your toes for almost 40 minutes. Produced, recorded, mixed and mastered by the drummer João Dourado in his Golden Jack Studios in Coimbra, "Obscurity Rising" sounds as massive as a modern metal album should sound like, nowadays.

Terror Empire is a thrash metal band from Coimbra, Portugal, formed in 2009. Inspired by the great thrash metal bands of the eighties and some of the old-school death metal bands from the nineties, the band manages to create a unique corrosive approach to their sonic attack. Since the release of the EP "Face the Terror" in 2012, the band has played live non-stop in Portugal and abroad, sharing the stage with many great bands in clubs and festivals. In 2015, Terror Empire released "The Empire Strikes Black" (Nordavind Records), which was very well received by reviewers and metal fans all over the globe.

Bio:

2017 marca o lançamento do novo álbum de Terror Empire “Obscurity Rising” (Mosher Records), em que o sempre-presente tom político assume uma maior preponderância. O resultado é um disco esmagador que mistura o melhor dos riffs thrash metal com os blast beats e os guturais do death metal que deverá manter os ouvintes e alerta durante os 40 minutos do álbum. Produzido, gravado, misturado e masterizado pelo baterista João Dourado nos seus Golden Jack Studios, em Coimbra, “Obscurity Rising” soa tão massivo como um álbum de metal moderno deverá soar, hoje em dia.

Os Terror Empire são uma banda de thrash metal de Coimbra, formada em 2009. Inspirados pelas grandes bandas de thrash metal dos anos 80 e por algumas bandas da velha guarda do death metal dos anos 90, a banda consegue recriar uma abordagem corrosiva no seu ataque sonoro. Desde o lançamento do EP “Face the Terror” em 2012, a banda tem tocado ininterruptamente em Portugal (com alguns concertos em Espanha), partilhando o palco com grandes nomes do metal em clubes e festivais. Em 2015, os Terror Empire lançaram “The Empire Strikes Black” (Nordavind Records), que obteve excelentes críticas um pouco por todo o mundo, tal como o seu antecessor. A banda irá agora promover e divulgar “Obscurity Rising” com mais espetáculos um pouco por todo o país.
